WE DEDICATE THE 1953 MABICO TO THE PRINCIPLES OF ABIDING LOVE AND FORGIVENESS WHICH WE HAVE COME TO KNOW IN OUR LORD JESUS CHRIST, AND TO OUR DEDICATED TASK OF APPLYING THOSE PRINCIPLES TO OUR LIVES AND WORK IN ORDER THAT OTHERS MAY ALSO SEE THE TRUTH OF GOD BEHIND THEM.

THE MABICO STAFF

For the Word of God is living and active, sharper
than any two-edged sword.....Heb. 4:12a.

The chapel pulpit pictured on the
front of the 1953 MABICO symbolizes
the purpose of Manhattan Bible College.
That purpose is to train consecrated
men and women and young people to
teach and preach the Word of God as
it is revealed. The Book of Life is our
authority.

Through the years men have
tried to destroy the Bible but their
efforts have been in vain. The Word
of God cannot be broken regardless
of how long men may try to bend it
into the distorted patterns that
satisfy their own philosophies and
creeds.

We students of Manhattan Bible
College are taught not only to preach
the Gospel message of Jesus Christ,
but to follow and live with Him in
service to others in all aspects of
life. The Word of God is living and
active and its power is capable of
giving all men eternal fellowship
with God through His Son. To this
end we labor.

INSPIRATION

Students of M B C realize they need the Bread of Life in order to have the necessary spiritual strength to meet life. The demands upon our energies and time are great but with the extra strength God gives us through Christ we are able to accomplish the things He gives us to do. Our morning devotions, Wednesday evening Chapel services, and prayer meetings in the Chapel On The Hill are all sources of fellowship with each other and with God and His Son. For quiet meditations when we wish to be alone with God we can retire to the Myron Wewerka Prayer Room.

Miss Martha Amlong, Librarian

This year has been one of change, improvement, and industry in our library. A Memorial Corner for the late Pres. Johnson, made up of his books, shelves, and desk, is in preparation and will be accessible to the students when it is completed. A new periodical shelf has been installed as well as some three-dimensional materials. The "wealthy" Senior Class donated a much appreciated double-faced bulletin board.

Thought has been stored in every library just as electricity is stored in a battery. As students use the M B C library a circuit is completed and knowledge is transferred to their minds. This knowledge, when used for the Glory of God's Kingdom, will make the world more Christian as Christ is proclaimed forever!

STUDENT COUNCIL REPRESENTATIVES

STUDENT COUNCIL

Harriet Irwin,
Student Council President

To determine the purposes and extent of student activities, each class and each organization elects representatives to the Student Council. This Council represents the student body to the administration in order that all things might be done with harmony and understanding on both sides. Another function of the Student Council is the publishing of *The Trumpet* which is the official student publication. Dorothy Butler is the Editor.

There is never a dull moment at Christine House. In fact, when all the residents are there together, there is hardly a quiet moment either. Yet when the boys are gathered in a group in the apartment of their housemother, Mrs. T. H. Johnson, there is a different kind of peace. It is the Peace of Christ which fills their hearts as they fellowship with God, His Son, and each other. This has been a good year for Christine House. Several of the rooms have been papered as well as all the hallways, the bathroom was painted, several new light fixtures were installed, and an extension telephone was put in upstairs.

The residents of Christine House are: Mrs. Johnson, Housemother; Robert Hagelbarger, Delmar Follis, Benny Boling, Maurice Ankrom, Stanley Barnes, Omar Thieme, Bruce Dimmitt, Richard Murray, Don Marshall, Marvin Ledbetter, Jay Taylor, and Ted Satterfield. In the Christine Apartments are: Mr. Mrs. Robert Winger, Mr. Mrs. Walter George, and Mr. Mrs. Leo Brown.

DR. KENNETH BONHAM
 Sacrificial Banquet Speaker

The letters A B X stand for Greek words which mean Ambassadors of Christ the King. The keen interest of this group is shown by their foreign and home mission projects. They not only send offerings to the missionaries, but each week a worship service is provided for the I.O.O.F. Home near Manhattan. Their main social function of the year is an all school sacrificial banquet at which no food is eaten. Instead the evening meal is sacrificed and an offering is given to the guest speaker who is either a missionary or a representative of a mission group.

This sign welcomes you to visit
us on M. B. C. Day.

The letters E T A are the first letters of Greek words which stand for Hope, Honor, and Truth. In this organization, the men of the school find fellowship through debate, discussion, and by listening to guest speakers. Together they grow mentally, socially, and spiritually.

This group has as its project each year the responsibility of the M B C Day activities when our many friends and prospective students come to visit the school. In addition to this, E T A also is sponsor of the MABICO.

The officers are: Richard Daetwiler-President; Byron Paxton-Vice-President; Wilmer Severns-Secretary-Treasurer; Jim Keady-Student Council Representative; Lynn Firkins-M B C Day Chairman; Maurice Ankrom-MABICO Editor; and President O. Ray Burgess-Sponsor.

SUNDOULAI

Sundoulai is a Greek word meaning "fellow servants" and is an organization of all the women of the student body and faculty wives. They have as their theme this year "God Designs- We build". Sundoulai has sought to promote a closer fellowship among those of M B C by working and serving together through this organization. The members participate in many school-life activities and help to carry out their project for the year. Mrs. Ruth Bates, who is serving in India under the constituency of the Christian Missionary Fellowship, was selected as the Missionary to whom they would send their missionary offerings.

The officers serving this year are: Margaret Firkins, President; Carol McAfee, Vice-President; Dorothy Bowles, Secretary; Lavonda Haddock, Treasurer; Marilyn Mustoe, Student Council Representative; Mrs. Johnson, Sponsor.

Messages to the Glory of God are presented in preaching, art, and music. One of the teams has as its theme song, "Christ For Me", and at the close of each program they emphasize the fact that Christ is the only One who can give life its true meaning.

THE T. H. JOHNSON MEMORIAL HALL

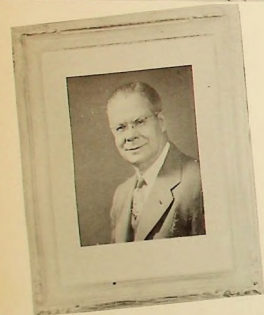

In honor of Pres. T.H. Johnson and the work he did, the people who loved him have erected the beautiful girl's dormitory pictured above. The F.H. Johnson Memorial Hall, as it is called, is a seven-room addition on the front of the former Pardee Hall, pictured below. In the reception room was hung this picture of Pres. Johnson.

The following pages show various phases of the construction work, the arrival of the new furniture, a guest signing the guest register on dedication day, a student's room, Dr. T. Parish, of the Central Christian Church in Kansas City, Missouri, who gave the dedicatory address entitled, "What Mean These Stones?", and Miss Martha Amlong who is Dean of Women and House Mother of Johnson Memorial Hall.

"Here we lived, felt dawn, saw sunset glow...." We are grateful to the Christian people who have made these homes possible for us. MBC stepped out in front this year in basketball with the addition of five new members to last year's team. They surprised the league teams by their efficient ball handling and effective fast breaks when they won their opening game 71 - 55.

To help them play the game in a Christian spirit, win or lose, the coach and team begin each contest with prayer. We may not always win but we do try to play clean and fair for we feel that even in this we are witnessing for Christ.

In addition to basketball the students play ping-pong, scrub football, and baseball. Even though we have a recreation plot with facilities for tennis and badminton the need for a gymnasium is acutely felt when the weather is bad and especially when we have to rent a gym in which to practice.

WORK DAY

Omar Thieme putting a piece of the curb into place.

There were so many things to be done around school and it seemed that we could never find time to get them done. The problem was solved when the faculty declared a work day one Friday afternoon and we all helped to scrub the dormitories and Jolliffe Hall from top to bottom. A curb was put behind the building to mark the parking lot and foundations were built for an incinerator and a refuse container.

The work of Manhattan Bible College is a great work. It is more than just educating young people for a career. Its task is to train, in a specialized way, people who have dedicated their lives to the most profound Truth which the world has ever known. That truth is the Gospel of Jesus Christ, and many have gone from this school to proclaim the Good News of the Resurrection victory.

An education does not come free in any school, however, and so it is that Manhattan Bible College students must finance a part of their tuition and expenses. Unlike most schools, the students are not asked to bear the full load. This means that the school must receive support from other sources. Through gifts from individuals, Churches, and annuities, the work goes on.

We are all deeply indebted to our Field Representative, Robert E. Winger, an MBC graduate, for doing a wonderful job in representing our school to the people who are helping us continue our work for the Lord.

THE STAFF

The MABICO Staff wishes to present this yearbook to the students as a record of the activities and life at Manhattan Bible College. We pray that other young people will aspire to become M B C students through seeing the various ways in which they can use their talents to serve our Lord Jesus Christ and His Kingdom. If it succeeds in this way we will feel that we have compiled more than just a book of keepsakes and memories.
